Communication

Date	15 March 2026
Team ID	XXXXXX
Project Name	Electric Vehicle Market Performance & Insights
Maximum Marks	1 Mark

Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Self-Progress Review	Daily	Personal Notes	Individual Student	To review daily tasks and project progress.
2	Progress Update	Weekly	Personal Documentation	Individual Student	To track completed work and plan upcoming tasks.
3	Issue / Bug Discussion As Needed	As Needed	Tableau / Flask Documentation	Individual Student	To identify and resolve technical issues.
4	Stakeholder Review	Bi-Weekly	In-person Discussion	Individual Student	To practise the final project demonstration.
5	Final Demo Rehearsal	Once	Laptop / Tableau Desktop	Individual Student	To receive feedback and suggestions on project progress.
6	Documentation Update	Weekly	Google Docs / MS Word	Individual Student	To maintain project reports and technical documentation.

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Difficulty coordinating project tasks and schedules.	Created a task schedule and completed activities step by step.
2	Issues while creating visualizations in Tableau.	Explored Tableau features and corrected visualization settings.
3	Difficulty integrating Tableau dashboards with the Flask website.	Checked embedding links and corrected configuration issues.
4	Difficulty maintaining project documentation.	Updated documentation regularly.
5	Technical issues during final testing	Tested dashboards, stories, and website functionality before the final demonstration.
