Project Demo Planning

Date	15 March 2026
Team ID	XXXXXX
Project Name	Electric Vehicle Market Performance & Insights
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Introduce the EV market project and explain the problem of analyzing EV market performance.	1	Akshita Soni
2	Project Overview	Explain the dataset, 200,000 rows, 38 columns, and data preparation process.	1	Akshita Soni
3	Visualization Demonstration	Demonstrate all 7 Tableau visualizations, including sales by manufacturer, category, countries, and battery technology.	2	Akshita Soni
4	Dashboard Demonstration	Explain the interactive Tableau dashboard and available filters.	1	Akshita Soni
5	Story & Website Demonstration	Present the EV Market Story and demonstrate the Flask website integration.	1	Akshita Soni
6	Conclusion	Summarize the project outcomes	1	Akshita Soni

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Introduce the project and explain the need for EV market analysis.
2	Solution Overview	Explain the dataset, Tableau, Flask integration, and project objectives.
3	Live Feature Demonstration	Show all 7 visualizations, interactive dashboard, story, and website.
4	Q&A Session	Answer questions and explain the results and key findings
